SUPPLYING A STRONGER TOMORROW

FILMS & FLEXIBLE PACKAGING

DHANUBAL / PRODUCT RANGE

Select the product family that fits your application. Exact grade, dimensions, availability and commercial terms are confirmed against your enquiry.

Stretch Film & Pallet Wrap

Stretch film for unitising cartons and stabilising pallet loads during storage and transport.

Hand and machine films differ in roll format and application requirements. Quote details should include width, thickness or micron, roll weight or length, core size, colour and use case.

For your quotation

Share dimensions, material/grade, quantity, application and delivery PIN code.

Shrink Film & Bundling Film

Shrink-film options for product bundling, multipacks and protective outer wrapping.

Material, film thickness, layflat width, shrink characteristics, sealing method and machine conditions determine suitability. Verify compatibility before ordering.

For your quotation

Share dimensions, material/grade, quantity, application and delivery PIN code.

Pallet Covers & Industrial Liners

Covers and liners to help protect palletised goods and packed contents from dust or moisture exposure.

Confirm pallet dimensions, cover style, film material and thickness, colour, closure and environmental exposure. A liner is not automatically a certified moisture barrier.

For your quotation

Share dimensions, material/grade, quantity, application and delivery PIN code.

EMAIL ghanubalofficial@gmail.com WEBSITE ghanubal.com

Pricing, MOQ, certifications, lead time and stock status are not implied by this catalogue and must be confirmed for each quotation.

INDUSTRIAL & SPECIALTY

DHANUBAL / PRODUCT RANGE

Select the product family that fits your application. Exact grade, dimensions, availability and commercial terms are confirmed against your enquiry.

VCI Corrosion Protection Packaging

Volatile corrosion inhibitor packaging options for selected metal parts and industrial components.

VCI products are application-specific. Confirm metal type, storage duration, humidity, contact conditions and supplier guidance before selecting a material.

For your quotation

Share dimensions, material/grade, quantity, application and delivery PIN code.

Strapping Buckles & Seals

Accessories and closures used with compatible strapping and securing systems.

Match buckle or seal dimensions and material to the strap width, thickness and closure method. Compatibility should be confirmed before bulk purchase.

For your quotation

Share dimensions, material/grade, quantity, application and delivery PIN code.

EMAIL ghanubalofficial@gmail.com **WEBSITE** ghanubal.com

Pricing, MOQ, certifications, lead time and stock status are not implied by this catalogue and must be confirmed for each quotation.

LABELS & PRINTED PACKAGING

DHANUBAL / PRODUCT RANGE

Select the product family that fits your application. Exact grade, dimensions, availability and commercial terms are confirmed against your enquiry.

Product Labels & Stickers

Printed labels for product identification, inventory, packaging and dispatch workflows.

Provide artwork, label size, roll or sheet format, substrate, adhesive, print colours, finish and use environment. Barcode content should be verified before production.

For your quotation

Share dimensions, material/grade, quantity, application and delivery PIN code.

Shipping & Barcode Labels

Dispatch, barcode and handling labels for warehouse and logistics workflows.

Confirm label size, thermal or printed format, adhesive surface, core size, roll direction and printer compatibility.

For your quotation

Share dimensions, material/grade, quantity, application and delivery PIN code.

Printed Mono Cartons

Printed folding cartons for retail presentation, product identification and secondary packaging.

Quote requirements include dimensions, board grade, print artwork, coating or finish, die-cut style, quantity and intended product. Food, cosmetic or regulated claims need appropriate compliance review.

For your quotation

Share dimensions, material/grade, quantity, application and delivery PIN code.

EMAIL ghanubalofficial@gmail.com **WEBSITE** ghanubal.com

Pricing, MOQ, certifications, lead time and stock status are not implied by this catalogue and must be confirmed for each quotation.

PAPER & CORRUGATED

DHANUBAL / PRODUCT RANGE

Select the product family that fits your application. Exact grade, dimensions, availability and commercial terms are confirmed against your enquiry.

Corrugated Boxes & Cartons

Corrugated shipping boxes and cartons for storage, dispatch, e-commerce and industrial transit.

Corrugated boxes are selected according to packed-product weight, dimensions, stacking conditions, route and handling risk. Share the internal dimensions, required ply or board specification, quantity, print requirement and delivery PIN code for a suitable quotation.

For your quotation

Share dimensions, material/grade, quantity, application and delivery PIN code.

Corrugated Sheets & Partitions

Corrugated sheets, layer pads and partitions for separating and protecting products in transit.

Sheets and partitions can be used as separators, interleaving layers or protective inserts. Final flute, board grade, dimensions and supply unit should be confirmed against the application.

For your quotation

Share dimensions, material/grade, quantity, application and delivery PIN code.

Paper Cores & Tubes

Industrial paper cores and tubes for winding, handling and packaging applications.

Core selection usually depends on inner diameter, wall thickness, length, winding load and end-use. Please provide drawings or measurements when available.

For your quotation

Share dimensions, material/grade, quantity, application and delivery PIN code.

Kraft Paper & Honeycomb Wrap

Paper-based wrapping, void-fill and cushioning materials for selected packaging applications.

Specify paper GSM, roll width and length, colour, perforation and required cushioning performance. Check whether the application requires moisture or grease resistance.

For your quotation

Share dimensions, material/grade, quantity, application and delivery PIN code.

EMAIL ghanubalofficial@gmail.com WEBSITE ghanubal.com

Pricing, MOQ, certifications, lead time and stock status are not implied by this catalogue and must be confirmed for each quotation.

PLASTIC PACKAGING

DHANUBAL / PRODUCT RANGE

Select the product family that fits your application. Exact grade, dimensions, availability and commercial terms are confirmed against your enquiry.

HDPE & LDPE Bags

Polyethylene bags and liners for packing, grouping and protecting industrial products.

Provide bag dimensions, thickness, material, colour, seal type, print, load and quantity. Food-contact or other regulated use must be specifically declared and verified.

For your quotation

Share dimensions, material/grade, quantity, application and delivery PIN code.

Courier & Tamper-Evident Mailers

Mailing bags for dispatch, e-commerce fulfilment and document or soft-goods shipping.

Mailers vary by size, film construction, adhesive strip, opacity, thickness and printing. Confirm packed-item dimensions and tamper-evidence needs.

For your quotation

Share dimensions, material/grade, quantity, application and delivery PIN code.

PP Woven Sacks & Bags

Woven polypropylene sacks for bulk handling and industrial packaging applications.

Selection depends on sack dimensions, fabric GSM, load capacity, lamination, liner, stitching, printing and intended contents. Food, chemical or other regulated use needs additional compliance checks.

For your quotation

Share dimensions, material/grade, quantity, application and delivery PIN code.

EMAIL ghanubalofficial@gmail.com **WEBSITE** ghanubal.com

Pricing, MOQ, certifications, lead time and stock status are not implied by this catalogue and must be confirmed for each quotation.

PROTECTIVE PACKAGING

DHANUBAL / PRODUCT RANGE

Select the product family that fits your application. Exact grade, dimensions, availability and commercial terms are confirmed against your enquiry.

Bubble Wrap Rolls

Cushioning wrap for protecting fragile items from surface scratches and minor impacts.

Bubble size, roll width, length, film thickness and perforation vary. For fragile or high-value products, test the full packing configuration rather than relying on material alone.

For your quotation

Share dimensions, material/grade, quantity, application and delivery PIN code.

EPE Foam Sheets & Rolls

Closed-cell foam sheets and rolls for cushioning, separation and surface protection.

Confirm density, thickness, sheet or roll dimensions, colour, cut shape and product contact requirements. Custom inserts may require a drawing or sample.

For your quotation

Share dimensions, material/grade, quantity, application and delivery PIN code.

Foam Corner Guards

Foam corner and edge protection for furniture, appliances, panels and delicate goods.

Measure the protected edge, thickness, profile, length and required compression behaviour. Confirm whether the application is reusable or single-transit.

For your quotation

Share dimensions, material/grade, quantity, application and delivery PIN code.

Paper & Composite Edge Protectors

Edge protectors that help distribute strapping pressure and protect palletised loads.

Specify leg size, thickness, length, strength, angle and whether moisture resistance is required. Load and stacking conditions matter.

For your quotation

Share dimensions, material/grade, quantity, application and delivery PIN code.

Air Cushion Pouches & Void Fill

Cushioning and void-fill formats for stabilising goods inside shipping cartons.

Selection depends on product weight, carton void, handling conditions and inflation equipment where applicable. Validate the packing method with the actual shipment.

For your quotation

Share dimensions, material/grade, quantity, application and delivery PIN code.

EMAIL ghanubalofficial@gmail.com **WEBSITE** ghanubal.com

Pricing, MOQ, certifications, lead time and stock status are not implied by this catalogue and must be confirmed for each quotation.

TAPES & STRAPPING

DHANUBAL / PRODUCT RANGE

Select the product family that fits your application. Exact grade, dimensions, availability and commercial terms are confirmed against your enquiry.

BOPP Packaging Tape

BOPP carton-sealing tape for dispatch, warehousing and everyday packaging operations.

Tape options vary by width, length, film thickness, adhesive system, colour and application surface. Share the carton type, sealing conditions and usage volume for a relevant quote.

For your quotation

Share dimensions, material/grade, quantity, application and delivery PIN code.

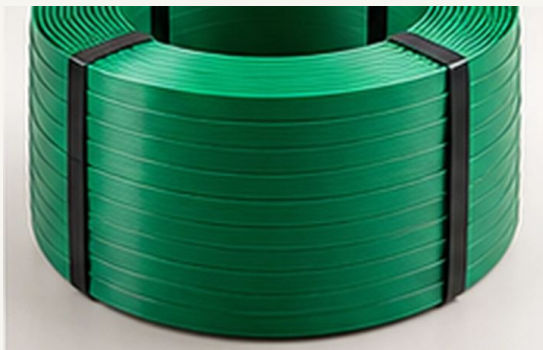

Custom Printed Packaging Tape

Custom-branded carton-sealing tape for shipping identification and packaging presentation.

Artwork, repeat length, tape width, colour count, adhesive and order volume affect feasibility and pricing. Confirm print files and proof approval before production.

For your quotation

Share dimensions, material/grade, quantity, application and delivery PIN code.

PP & PET Strapping Rolls

Strapping solutions for bundling cartons, securing loads and palletising goods.

Select strapping by material, width, thickness, breaking strength, joint method and manual or machine application. Match the specification to load weight and handling conditions.

For your quotation

Share dimensions, material/grade, quantity, application and delivery PIN code.

EMAIL ghanubalofficial@gmail.com WEBSITE ghanubal.com

Pricing, MOQ, certifications, lead time and stock status are not implied by this catalogue and must be confirmed for each quotation.

WOODEN & EXPORT PACKAGING

DHANUBAL / PRODUCT RANGE

Select the product family that fits your application. Exact grade, dimensions, availability and commercial terms are confirmed against your enquiry.

Wooden Pallets

Wooden pallets for handling, storing and transporting palletised industrial goods.

Confirm pallet footprint, deck configuration, load rating, wood treatment and destination requirements. International shipments may require applicable phytosanitary treatment and markings.

For your quotation

Share dimensions, material/grade, quantity, application and delivery PIN code.

Wooden Export Crates

Made-to-requirement wooden crates for heavy, irregular or export-bound products.

Crate design depends on product dimensions, weight, centre of gravity, lifting points, moisture protection and shipping route. Share drawings and destination details.

For your quotation

Share dimensions, material/grade, quantity, application and delivery PIN code.
